

# MOUNT VIEW HIGH SCHOOL

## Science Exhibition (Classes III-XII)

*“Every art should become science and every science should become art”.*

Science is an inseparable part of the society, as it helps to understand the world around us in a more logical way and improves standards of living. Mount View High School has been taking many initiatives to stimulate the attitude for innovation and inventiveness and at the same time, encourage children to be creative and responsible in use of science and technology.

Science Exhibition is likely to be organized 8 September 2023.

### **The exhibit may include-**

- Posters/Charts/Collage on the topic
- Stationary/Working model to explain concept
